

August 17, 2017

Hi Angela,

I wanted to give you my feedback regarding our event this past weekend at the BIG SPLASH Waterpark.

I was surprised when I got to Big Splash; when I knew that I had to be there to wrist band our entire group of 1500 who RSVP. When I got there, I met with Sabrina the onsite supervisor and she was amazing. Sabrina told me they have everything figured out and are ready for our big group. At the entrance, there was table setup with 2 chairs and balloons for our group for entry. The line up to go inside the park was very smooth flow and it took max 20 min to have over 600 pass through including bag check. Big Splash had plenty of staff on ground and at the food to serve our group. I heard announcement few times that special area was setup and food (BBQ) was available to purchase for our group.

My experience with Big Splash has been very positive including getting the event organized with Angela Frica, Sales Manager (who was incredible from my first email to last email 2 days before the event) for Big Splash. I look forward to working with Big Splash again next year.

Thank you,

Kajal Lad
HR Coordinator
